# ʻŌlio holo i ka uaua

## INSTRUCTIONS

1. Cut along the dotted line surrounding the monk seal's face.
2. Optionally, cut out holes around the eyes. You may want to ask an adult for help--this can be tricky!
3. Cut along the dotted lines on the side and top of the page. You can attach these strips to your mask to use as handles or a headband.
4. Have fun!
